

Urban Corps of San Diego County Recycling Education & Community Outreach Center

Breaking Ground on a New Generation of Environmentalists

We shall require a substantially new manner of thinking if mankind is to survive. ~Albert Einstein

what: Official Groundbreaking Ceremony
when: Friday, Feb. 20, 2009 at 11:00 a.m.

Please join San Diego Mayor Jerry Sanders and Bridgett Luther, Director of California's Department of Conservation as we turn up earth in preparation for Urban Corps' Recycling ECO Center, made possible by generous grants from the Department of Conservation, Bank of America, San Diego CDBG, & Redevelopment Agency funding.

We envision the ECO Center as a revolutionary multi-purpose resource center for the entire San Diego region for educating, training and demonstrating how recycling and conservation: preserves natural resources; reduces pollution; reduces waste hauling costs/expenses, and employs at-risk youth.

The center will include fun, hands-on educational exhibits and demonstrations on closed-loop recycling, destined to inspire young and old alike and create a new generation of environmental stewards.

Urban Corps has diverted more than 15.5 million pounds of recyclables from landfills to date. Over 200 offices, businesses, schools, venues and events receive our recycling services.

where: Urban Corps of San Diego County
3127 Jefferson St. San Diego, CA 92110
